MARVEL MASTERWORKS: BLACK PANTHER JUNGLE ACTION HC

Written by DON McGREGOR
Penciled by RICH BUCKLER, BILLY GRAHAM & GIL KANE
Cover by GIL KANE

Collected for the first time ever, the MARVEL MASTERWORKS bring you the ground-breaking, trend-setting Black Panther from JUNGLE ACTION! In 1973 comics' first African super hero took the headlining slot in an ambitious ongoing series, beginning a 13-issue epic unprecedented in its time. Writer Don McGregor teamed with artists Rich Buckler and Billy Graham to tell "Panther's Rage," a story so huge it ranges across the savannah into the deepest jungles and up to the snow-topped mountains of Wakanda. Over its course McGregor & Co. would define T'Challa, give full depth and life to the Wakandas and their culture, while pitting the Panther against the murderous Erik Killmonger for control of the kingdom. Not one to rest on his laurels, McGregor then set out to raise the bar once again, sending T'Challa to the American South to investigate the murder of Angela Lynne and its connection to the Klan and the history of the Soul Strangler. A challenging storyline by a challenging storyteller, you'll read it and so much more in this much anticipated hardcover classic! Collecting JUNGLE ACTION #6-24.

MARVEL 1602: NEW WORLD/FANTASTICK FOUR TPB

Written by GREG PAK & PETER DAVID
Penciled by GREG TOCCHINI & PASCAL ALIXE
Cover by LEINIL FRANCIS YU

It's the year 1602 — and though there are characters you might think you know, none of them are the same as you remember. There's a young man named Peter with amazing spider-like abilities — but instead of New York City, he's a proud resident of the settlement at Roanoke. There's a group of four adventurers endowed with amazing powers — but instead of a spaceship, they steer a boat. And the rampaging giant known as the Hulk? Well, he's pretty much the same. Though King James of England might prefer things stay the same, the Earth is in flux — with much of the change occurring across the Atlantic in the New World. Though Sir Nicholas Fury and the super-powered Witchbreed may have disappeared, more and more superhumans are making themselves known — which prompts the king to take drastic measures. Elsewhere, another ruler — Otto Von Doom of Latveria — is taking drastic measures of his own as he mounts an expedition to what he believes to be, quite literally, the ends of the Earth. Along for the ride are the beautiful but deadly Natasha Romanova, the bizarrely powered four who are frightful and a kidnapped playwright by the name of William Shakespeare. But hot on their flying ship's tails are another super-powered quartet: the Fantastick Four! Collecting MARVEL 1602: NEW WORLD #1-5 and MARVEL 1602: FANTASTICK FOUR #1-5.
